Dear Ms. Adams:

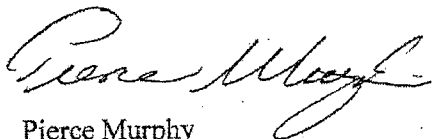

Please accept this letter and enclosed resume as my application for appointment as Director, Office of Professional Accountability, City of Seattle Police Department.

As you will see, my extensive experience leading the police oversight agency for the City of Boise makes me uniquely qualified for this position. In addition to nearly 14 years in this role, I am also recognized as a national expert in the field of oversight, having served in leadership roles with the National Association for Civilian Oversight of Law Enforcement (NACOLE), spoken at several national training conferences, and been quoted frequently in the media around the country on the subject. Prior to my appointment as the Boise Community (Police) Ombudsman, I enjoyed a successful career in human resources management helping organizations to achieve their goals through effective selection, development and deployment of their employees. My academic credentials and on-going commitment to professional development through training have given me the skill set and intellectual foundation necessary to be successful as an oversight executive.

In addition to my professional experience, please note my involvement in the community. Both as Ombudsman and personally through church and other areas of interest, I consider it my honor and duty to contribute to the community in which I live. Through this community involvement, I have had the opportunity to work alongside a wide variety of people from all walks of life, various cultural and ethnic backgrounds, and diverse points of view. I am committed to being highly engaged in my community.

Thank you for consideration of my candidacy for this appointment. As requested, my current salary with the City of Boise is \$100,149 per year. Please let me know if you require any additional information. I look forward to hearing from you very soon.

Sincerely,

Pierce Murphy
